Milk for Food Pantry

Milk is something we can not get from the food bank and we do not have cooler space.

Recently we found small pouches that make a quart of milk when mixed

Thank You Curves Staff and Members 

The staff and members of Curves in northeast Wichita collected close to 400 pounds of food and donated money to help restock our food pantry this month. It took three trips to move the bags and boxes of food from the Curves location to our pantry. The donation came at a time our shelves

had plenty of space to store more.

Marcia Wood, Board Member

In Her Own Words...

My whole life, people have described me as "independent." Believe me, it wasn't always meant as a compliment. And I know having an independent-minded daughter was sometimes challenging for parents as I grew up. But

by and large, my independent streak has served me well. I never doubted that I could provide for myself and make decisions for my own future. Now, as a woman lawyer, I believe I have a responsibility to help other women make positive decisions for their own lives, especially the younger women and those who haven't had the opportunities that I have had.

So when given the chance to join StepStone's board of directors in 1999, I jumped right in, excited for the opportunity to help other women become independent. And I have remained involved ever since because I believe so strongly in StepStone's mission. StepStone provides its clients not just a place to stay, but also the skills, information, and inspiration to permanently break the cycle of violence. To hear the stories of StepStone clients who have made difficult choices, and persevered though tough times, and sacrificed to provide better lives for themselves and their children, brings a whole new meaning to the word "independent." And what a beautiful word it is. [top](#)
